

Bruno Ancona Sala

Software engineering student focused on distributed systems, cloud infrastructure, backend engineering, and cybersecurity.
brunoanconasala@gmail.com · +52 (999) 903-3025 · Mérida, MX · github.com/brunoanc · linkedin.com/in/banconas

Languages	C · C++ · Rust · Python · JavaScript · Go · PHP
Cloud & Tools	Google Cloud · AWS · Docker · Terraform · GitHub Actions · Linux
Frameworks	FastAPI · SvelteKit · Laravel · Flutter

WORK EXPERIENCE

Centro Universitario de Formación Artística (CUFA) - Software Engineer Feb 2025 – present

- Sole engineer responsible for a modular Laravel + PostgreSQL system for academic and financial management, covering system design, backend logic, and production deployment
- Introduced CI/CD pipelines and delivered a multilingual website using SvelteKit and Sanity CMS, enabling reliable releases and non-technical content management

PROJECTS

SMMUN.com - Lead Software Engineer · github.com/brunoanc/smmun-gcp

- Designed an event-driven system using Cloud Run, Pub/Sub & Firestore; provisioned with Terraform
- Built a FastAPI service handling 500+ registrations, redesigning the system with idempotent processing to eliminate duplicate entries under concurrent load
- Implemented CI/CD pipelines with GitHub Actions and Terraform, enabling automated deployments

EternalModManager - Rust cross-platform app · github.com/brunoanc/EternalModManager

- Built a cross-platform mod manager for DOOM Eternal in Rust with a concurrent, memory-safe architecture; 5k+ downloads on Flathub

Open Source Contributions – Linux Kernel · Microsoft DirectXTex

- **Linux Kernel (ALSA/SoC):** contributed a patch restoring microphone support for a specific chipset
- **Microsoft DirectXTex:** fixed image export issues and improved error handling in PNG processing

CERTIFICATIONS, AWARDS & COMPETITIONS

HackDef 10 CTF - Finalist (top 10 teams nationally) Aug 2026

AHAU CTF 2026 - 2nd place (regional competition) Aug 2026

OEA Cyber Challenge Mexico 2025 CTF - 1st place (50+ teams) Oct 2025

Google Cloud Certified - Associate Cloud Engineer Apr 2026

LEADERSHIP

Southeastern Mexican Model UN - Secretary-General May 2026 – present

AWS Cloud Club Anáhuac Mayab - Director of Technology Feb 2026 – present

EDUCATION

B.S. in Software Engineering - Anáhuac Mayab University 2024 - 2028

- Full-ride Academic Excellence Scholarship (GPA 9.8/10) · Member of "Vértice" Leadership Program
